

Sprint Retrospective

Iteration TEMPLATE

Project Group

User Story	Task	Task Assigned to	Estimated Effort (in hours per person)	Actual Effort	Done	Notes
User wants to see his progress Initial	main menu GUI	Kamron and Jahson	2-8	8	NO	
User wants to input habits + leaderboard	Formulaire of habits creation	Viad	2-8	10	Mostly	
User wants to authorise better	Server authorisation in the right way	julius	3	4	YES	
Developer wants to create in the database new features + testing all functionalities	JUnit tests + new features code	Pablo and Paul	9	10	Mostly	

Main Problems Encountered

NO

Problem 1

Technical & git problems

technical problems/learning java fx,

Description organisational matters (different branches)

Reaction We all agree to push more things

Problem 2

Communication misconduct

There was some problems like

Description different designs of GUI due to lack of communication

Reactions Communication is a must

Adjustments for next Sprint Plan

push more to work in to updated versions

more communication between server and client and between anyone working on a common task

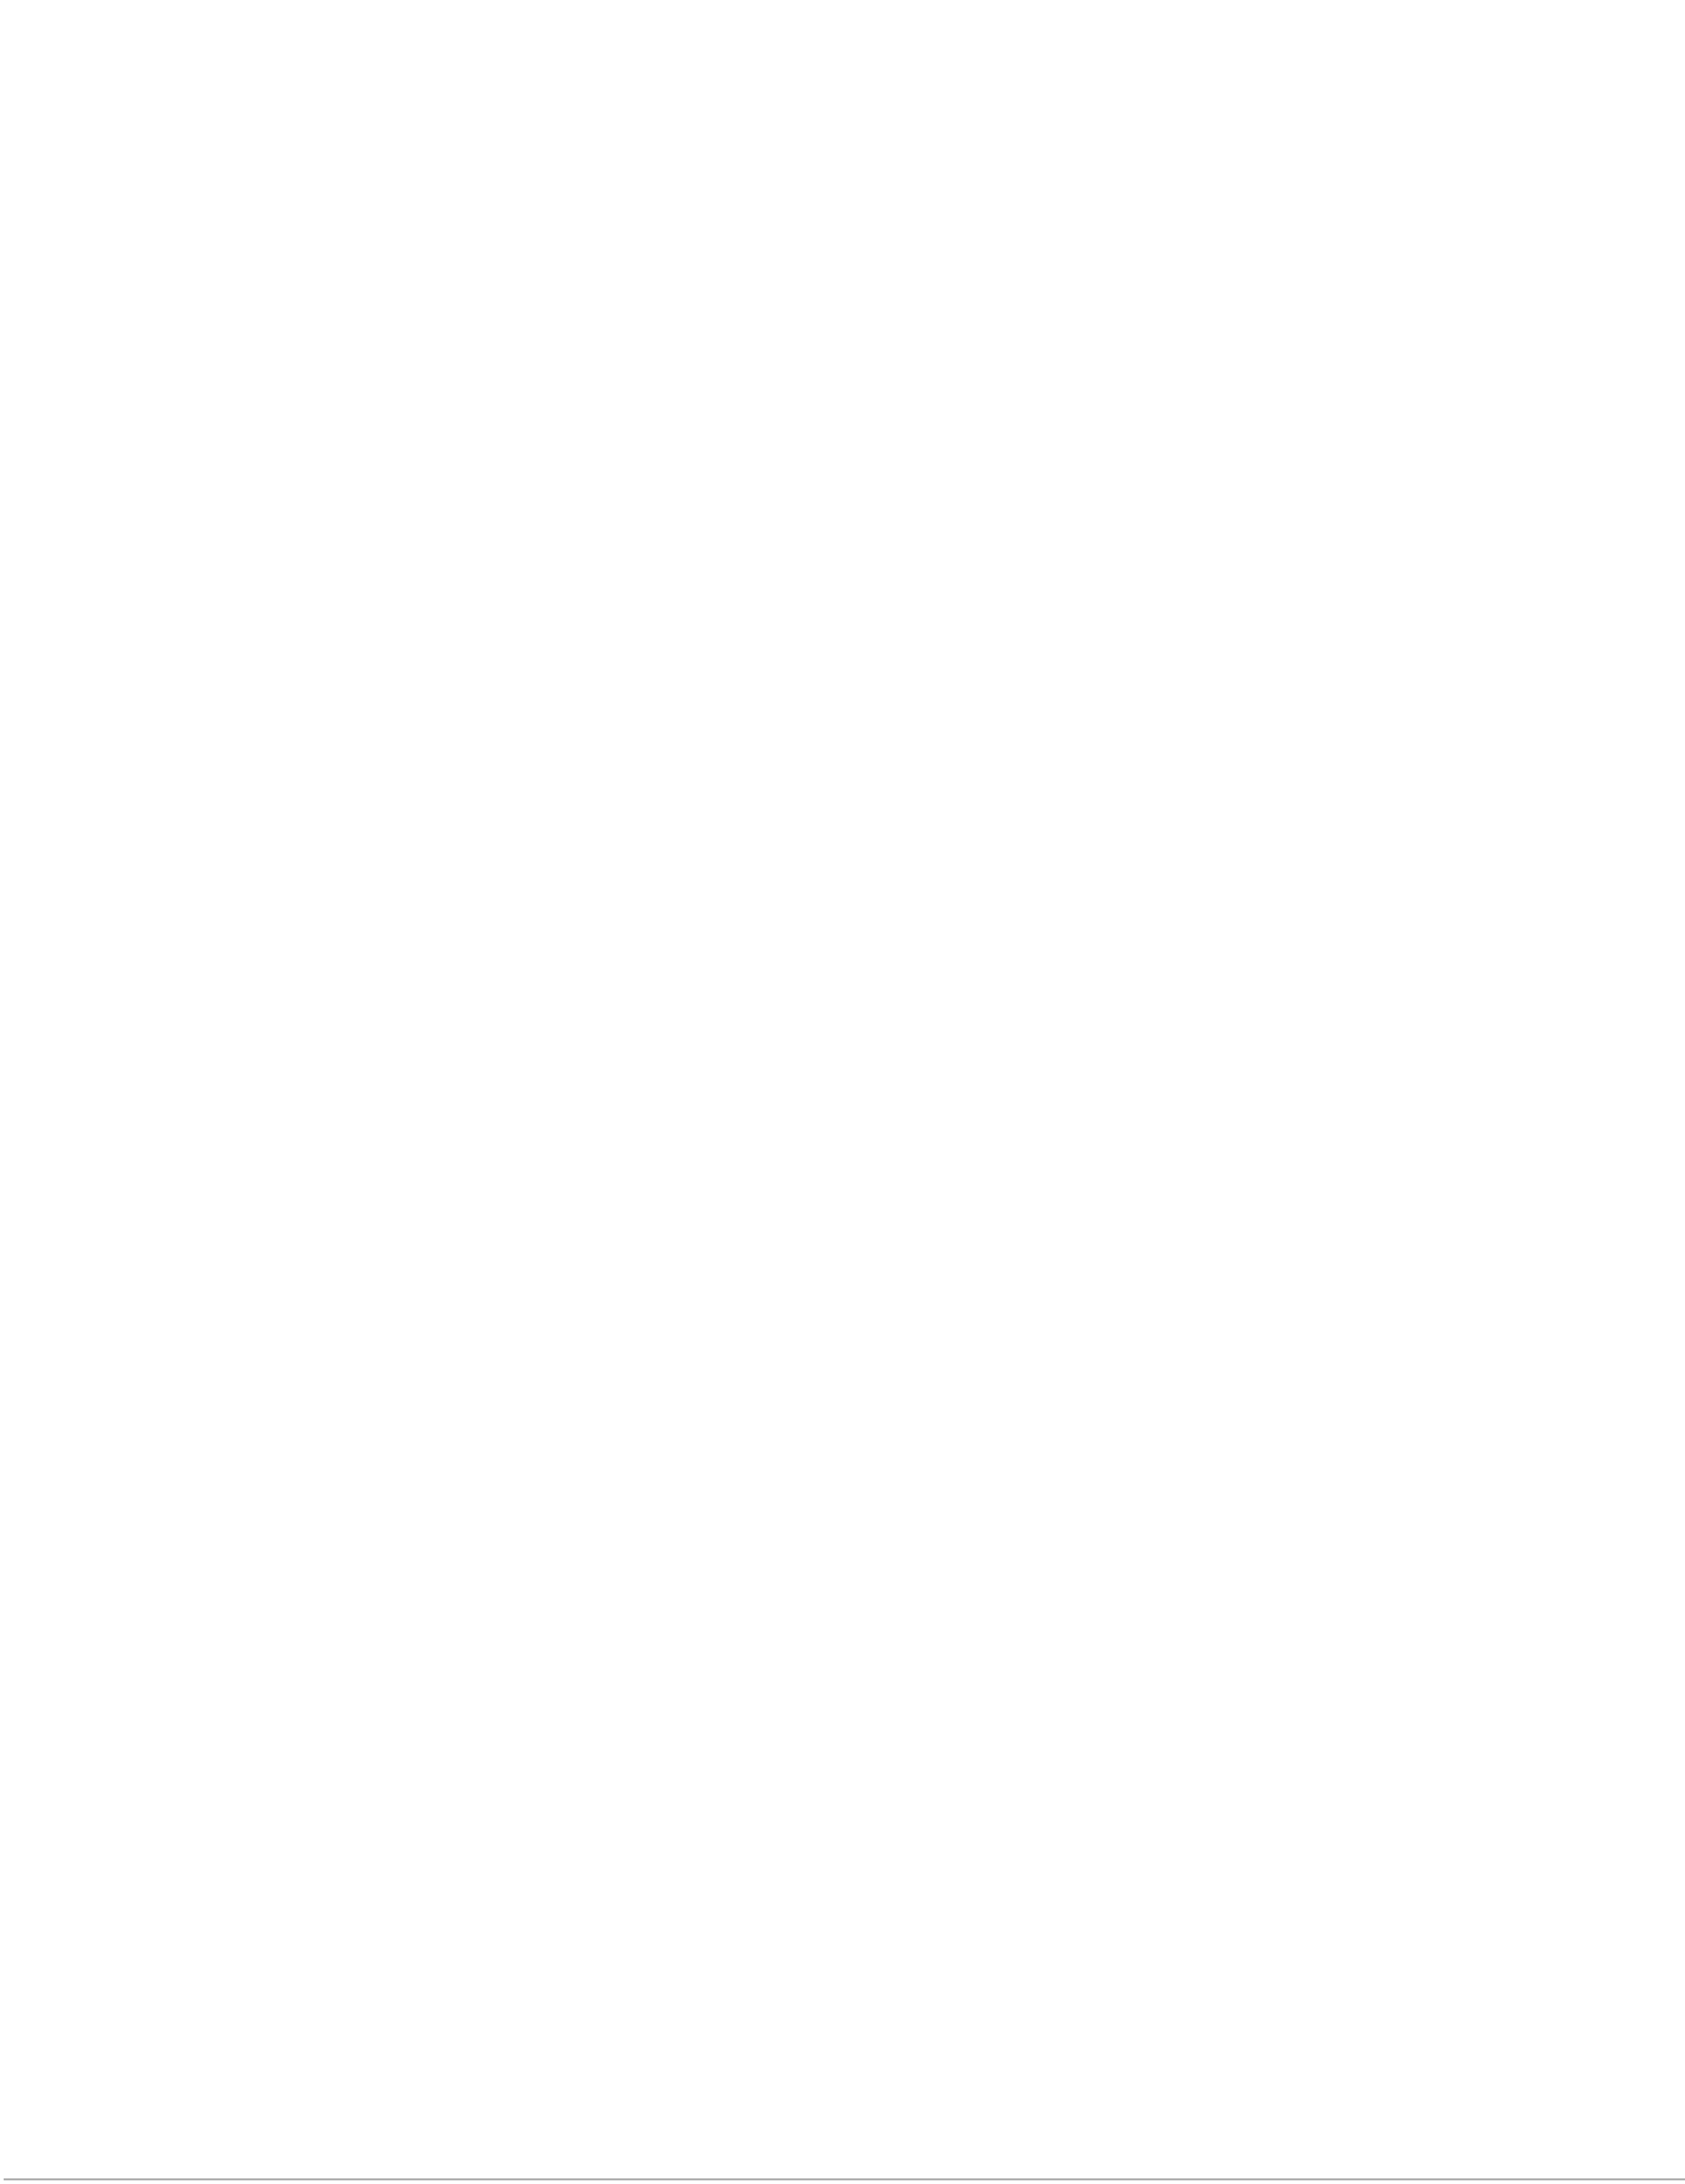

Sprint Backlog
